

## Regions of the updated Taiwan e-Map map tiles (1st batch in 2020)

Taiwan e-Map has been planned to update 3,006 frames in three batches in 2020. The first batch updates 602 frames in two working areas. The covered regions are Penghu County, and part of Nantou County, Changhua County, Yunlin County, Chiayi County, Tainan City, Kaohsiung City, and Hualien County. Orthophoto tiles of Penghu County will be updated on November 20, 2020 because of some reasons.
